REVIEW TOWN BUDGET

Mattapoisett Selectmen spent the evening of December 26th reviewing the town budget and will continue this review and discussion with department heads concerned this Wednesday evening, January 2nd.

The Historical District Study Committee met with Selectmen in order to discuss the report that is required before January 1.

The committee is presently doing research on the Water Street area in a general area bounded by Church Street and North Street. The task is a time consuming one requiring documentary information on the structures and photographs of them from different angles. The Board of Selectmen, recognizing the need for more time, has granted a one year extension for the completion of the study.

BEACH ACQUISITION

Mattapoisett has taken the final steps toward acquiring of the former railroad bed beach area which starts at Depot Street to a point about 300 feet from Reservation Road. This in accordance with Article 49 voted at the 1966 annual town meeting.

Republican Town Committee

Members and friends of the Mattapoisett Republican Town Committee enjoyed an informal gathering Monday evening, December 17th, at the Hollywoods home of chairman Dave Furtney, to share the convivial spirit of this holiday season and to participate in an exchange of thoughts on a variety of subjects.

Discussion centered on the current problem, that large segments of our population are using political scandal, and rumors of scandal, as an excuse for noninvolvement in the political scene. Rather, this troublesome situation should be an absolute rallying call for personal commitment.

The encouragement of, and involvement in national issues on a practical local level was analyzed. For instance, keen attention was focused on the matter of ecology, and a possible augmented program of recycling Mattapoisett's waste materials.

A GAY CHRISTMAS PARTY

The annual Christmas Party of the Senior Citizens' Club of Mattapoisett was held Monday, December 17th, at the American Legion Hall. The high winds and heavy rainfall did not deter them.

A bright and cheery world met their eyes at they crossed the threshold. The hall was decorated. The beautiful Christmas tree had a pile of colorfully wrapped gifts which grew larger by the minute.

The party began by presenting the out-going president Mrs. Sophie Sterling a corsage and other special gifts from members of the club in appreciation of her dedicated service to the club. Mr. Dick Corby, the present president, was an excellent host. Mrs. Sterling was deeply touched, as well as surprised. She looked radiant as she thanked everyone.

As the members smiled at each other, in an atmosphere that was happy, warm, bright and cozy, it brought a touch of nostalgia and tiny twinges of nagging worries tugged at their hearts and minds. "We are here today, warm, comfortable, and a roof over our heads." But what about to-morrow? Next year? The future?

School Tutors Sought

TITLE I PROGRAM

The Mattapoissett School system is in the process of developing a Title I program that will provide additional tutorial assistance to children who have identified learning problems. Final approval for the project is expected within the next two weeks according to Dr. William J. Quinlan, regional director for special needs programs.

Plans call for six tutors to be hired for the

program. Four of the tutors will be working in the Center School and two at the Old Hammondtown School. A training period for the tutors will be developed after the holidays.

Persons interested in applying for the tutorial positions should contact Miss Katherine Aurich at the Center School or Mr. Raymond Carvalho at the Old Hammondtown School. Tutors will be paid \$2.50 per hour for a four hour day. Final determination of schedules will be made by the principals. The project grant will be for the remainder of the school year and applicants will be hired only for that period of time. All interviews will be made subject to final grant approval.

Although consideration will be given to those who have experience in working with children who have learning problems, this factor will not be the sole criterion for hiring.
